While inexcusable, may have been the result of a game of chicken in which the ex-military Korean pilot was "barn" some fun stirrin' the Soviet born's nest over there. Our military fliers have reported Soviet planes regularly invade our air space and when confronted and warned, they leave, and usually these Soviet military fliers seem to be just tryin' to outdo us in "what we will do" accordin' to our ears. We have had the same kind of chicken games on the high seas with Soviet naval units, and in fact this got so rough at one time that we had to use the hot line and tell 'em next time we

Longer Farms "The Pride Shows" 83 Sale

H. L. "Hank" Longier, III, Managing Partner, announced that due to increased demand to lease donor quality females from their breeding program, the October 22nd sale event has been postponed into a select private treaty offering. Select, because even though you will be able to purchase cattle from Longer Farms' entire offering, as soon as approximately half the original sale offering is sold, the balance will be offered as embryo transplant donors. Obviously, for them to use the half of the sale cattle that goes unselected, they are confident that they are all outstanding quality females. Longer Farms thinks that you will agree. If you would be interested in viewing the 1983 sale offering (at private treaty) from Longer Farms certified swartons free herd, please call or come by at your convenience. Longer Farms would be delighted to visit with you about your interests and your needs in a relaxed, informal atmosphere. Longer Farms will have a major production sale in 1984. Please watch for their sale date announcement and their special offerings at top consign-ment sales.

Radebaugh's Six R Ranch to Host Braford Field Day in Arkansas

Cushman S. Radebaugh, Jr., and family will host the International Braford Association's field day September 24 at their Six R Ranch near Nashville, AR. The Six R Ranch has been in existence for forty-three years. The brand was first registered in Orlando, Florida by Cushman S. Radebaugh, Sr., a past president of the American National Cattlemen's Association, (now deceased). The Ranch operated as a family business in Orange, Volusia, and St. Johns Counties, Florida in the name of Cushman S. Radebaugh and Sons, Inc. In 1973 the family Corporation was sold to Cushman S. Radebaugh, Jr. and his wife Doris moved to Nashville, Arkansas taking the Six R Brand with them. During the early 1950's the Radebaughs recognized the Braford/Brahman cross as being their best and most consistent cattle. In the late 1950's a selective Braford up-grading program was begun using some of the better F-1 cows. When Cushman and Doris moved to Arkansas they took some of the Florida Braford, as well as some other cattle, with them. They soon found that the Braford accepted the change to the hot winters and dry summers, "out-performing" the other cattle just as they had in Florida. Since coming to Arkansas, Cushman and Doris have had their cattle on a continuous up-grading program and are gradually replacing the commercial cows with Braford. They now have some four hundred head of Braford registered with the I.B.A. For more information on the Braford field day, contact: Cushman S. Radebaugh, Jr., P.O. Box 584, Nashville, AR 71862, 846-4587.

Feeders Sold Lower During Past Week

St. Joseph, Sept. 2 (USDA) - National feeder cattle and calf receipts this week 160,800, last week 174,100, year ago 251,000. Prices for feeder cattle and calves substantially lower this week.

Material price declines for fed cattle again this week was at least one major factor in the price loss for feeders. Heart O' Texas Fair Entries Near Record

Waco - Large entries from Johnson, Tarrant and San Saba Counties in recent months have convinced Supt. Mary Greene that record or near record numbers can be expected for the Junior Livestock show at the Heart O' Texas Fair and Rodeo, Oct. 24.

"We already had received good entry lists from McLennan, Milam and Freestone Counties, plus some earlier ones from Tarrant County," said Ms. Greene. "A truly outstanding show is shaping up. We need to confirm one more thing before announcing our strong lineup of judges for the October show."

The Johnson County entries were from Rio Vista, Cleburne, Alvarado and Grandview and were sent in by extension agent Marshall Eaton. Mansfield, Smithfield, Harrel and Burleson were included in the Tarrant County list along with several other entries from Arlington. They were sent in by J. W. Danfield, extension agent.

Breeding sheep comprised most of the San Saba County entries sent in by extension agent Billy Kidd. Ranbi Ram-burleson and Daines Merinos were the principal breeds of sheep entered by youth in San Saba, Band and Lometa.

Newly named McLennan County extension agent Daniel Milner is working to have one of this county's largest list of entries.

Brahman Show Sale at Pan-Am

Dallas - The finest of the breed will be on display in the Brahman area of the livestock facilities in Dallas, October 7-11. Livestock producers from every country in the Western Hemisphere are expected to attend in record numbers.

structural soundness, and graded by a group of commercial cattlemen. This will be on Friday, October 28th, beginning at 1 p.m. A Champion Bull will be selected from each breed and then a "Super Bull" selected from the champions and awards given.

In announcing this Fall Bull Sale, sales manager John Joyce states, "The success of our Spring Graded Bull Sale warranted a Fall All-Breeds Bull Sale. Many commercial cattlemen in the Gulf Coast area put their bulls out on December 1 for breeding, therefore, a fall sale such as this should give them ample time to make their selection of bulls."

Nominations for the sale are due by September 1, 1983. For further information or sales nominations contact: World Sales, Rt. 2 Box 238, Wharton, Texas 77489 or phone 409/657-2212 and/or 713/842-2086.

Paleface Heifer Sale Will Be Sept. 17

The 100 heifers to be offered at the Paleface Ranch heifer sale on September 17 have been carefully selected on the basis of performance, pedigree and individual quality for the potential to improve any breeder's herd, according to Mike Levi owner of the ranch.

In addition to the quality of the heifers offered, the buyers will have the right to semen and breeder's certificate from eleven of the top herd sires of the Red Brangus breed. These bulls are from the three most popular lines of the breed, all based on the original Oscar 11/7 bull.

In addition to the semen rights to all of these bulls, buyers will have the right to a guaranteed pregnancy to the great 77/5 bull, Certified Meat Sire. This offer is believed to be a first in the cattle industry.

Hay Dolly**

No wirches
No hydraulics

Don't Damage Your Roof!

When you get moisture under the roof of the bale, it can't dry out and this spoils the hay. The Priefert Hay Dolly never touches the roof, never drops or rolls the bale. With no bale damage, there's seldom bale spoilage.

The Priefert Hay Dolly hooks to your pickup or tractor with only a simple pin hitch and trip rope. Because brakes

are not required, the Hay Dolly works well in bad ground conditions. The simplicity of the Priefert bale mover will amaze you and assure you of a long, productive life for this unit. Write or phone for literature and dealer nearest you.

Weldon Edwards, West Texas State Fair ROM Show Honoree

Weldon Edwards, Clyde, TX, will be honored in Abilene on September 20 & 21, when the ROM Hereford Show will be dedicated to him and named in his honor.

Edwards was born in Clyde where his father had purchased a 240 acre place in the 1930's and other than school years at McMurry College, he has spent most of his life there.

After graduation from college, he was named to the school board of the small town and one of his first assignments was to hire a teacher...that teacher was a young woman named Dorothy Jean Soules who became his wife the following spring on April 26, 1941.

His home place came up for sale about that same time and he purchased it and it was there that he started into the livestock business on his own, first with a steer operation, then a cow/calf operation. In 1961 he purchased his first registered cattle and from that beginning has established a herd of national recognition.

Weldon and Dorothy Jean Edwards are familiar faces to people throughout the Hereford industry. He served as president of the Texas Hereford

Association in 1973 and 1974 and has been a earnest supporter and friend to the association in addition to the offices he has held in it.

The Edwards have three sons, Weldon Lynn, Murray, and David, and four grandchildren.

The KLA Cow-Calf/Stocker Council is comprised of members who are cow-calf/stocker operators from throughout Kansas.

AVOID CHANGING WELL LEATHERS FOR MANY YEARS

Perma-cups are molded urethane, more wear resistant than rubber. Perma-cups will outlast leathers 10 to 1. Their tapered design allows only 1/8" wear, instead of 5/8" of a leather. Much less friction for easier pumping extends cylinder life greatly. Perma-cups must be used in a good or new cylinder, as they do not swell. Install Urethane Perma-cups, Urethane Check-balls, and Urethane Pump Rod-guides, and don't pull that well for many years. Thousands are in wells that have not been relined in 5 years! All are available in standard cylinder and pipe sizes. Write or call for our catalog. We ship same day order is received. This is our 33rd year serving ranchers.

RED ANGUS NEWS

Butz To Headline Convention Speakers - For Red Angus

Denton, Texas - Earl L. Butz, former U.S. Secretary of Agriculture, will be one of three featured speakers at the Red Angus Association 80th Annual National Convention in Bettendorf, Iowa on September 22-24.

Butz, who will speak to the convention on the positive outlook for American agriculture, grew up on a family farm in Noble County, Indiana. He graduated from Purdue University in 1932 and received his Ph.D. from the same university in 1937. Interpersed with his governmental positions he served on the Purdue faculty as head of the Agricultural Economics Department, Dean of Agriculture and Dean of Continuing Education. He was also Vice President of the Purdue Research Foundation.

Dr. Butz served as U.S. Secretary of Agriculture from 1971-76. In that post, he worked tirelessly to promote American agriculture, to keep the U.S. the world's best fed nation, to improve farm income, to minimize federal on-croachment into farming, and to expand and keep open farm export markets.

Other keynote speakers at the Red Angus Association will include Steve Radakovich, Earlham, Iowa, and Ted Price, Omaha, Nebraska, who will lead a discussion on marketing.

Radakovich, co-owner of Radakovich Cattle Company, is one of the leading purebred beef cattle breeders in the country. With his family he has developed one of the most successful production sales in the Midwest, and he has judged numerous cattle shows throughout the U.S. He has written several articles for leading beef publications in the past few years and is a recognized leader in the fields of practical beef production and marketing.

Price, president of Words & Music, Inc., has spent all of his adult life in advertising and marketing. He has

served as Program Director and Production Manager of several radio stations and broadcast chains. He is experienced in television, animation, outdoor and print media. He has produced advertising and marketing campaigns for Godfather's Pizza, and Miami Seaquarium, Dist. Centers International, and the National March of Dimes.

Anyone interested in attending one or more days of the Red Angus Association convention should contact the national office at the following address: 4201 I-35 North, Denton, Texas 76201; phone (817) 887-3602.

"Strategy for Success '83" Is Theme of TCFA Convention

Annapolis - Leaders of the nation's three major beef organizations will discuss "strategies for success" in the beef industry when they address the Texas Cattle Feeders Association Annual Convention Nov. 13-15 in San Antonio.

The convention, carrying the theme "Strategy for Success '83," will be at the Hyatt Regency Hotel along the picturesque San Antonio River and within walking distance of The Alamo. About 800 persons are expected to attend, according to Jim Peterson, TCFA convention manager. TCFA represents over 150 feedyards producing more than 20% of the nation's fed beef.

The Texas CowBelles, a leading promoter of beef, will hold its annual meeting in conjunction with the TCFA event.

Don Butler, chairman of the U.S. Meat Export Federation; Jim Mullins, chairman of the National Live Stock and Meat Board; and Dub Waldrip, president of the National Cattlemen's Association, will make up a convention panel discussing "Strategies for Cattlemen in the '80s."

The panel will be moderated by Dr. L. S. "Burr" Pope, director of the department of animal science for New Mexico State University.

Abandoned Funds Go to State Worth \$7.1 Million

Austin - Texas Treasurer Ann Richards said today that she is depositing a total of \$7.1 million in abandoned money collections to the state's General Revenue and Available School Funds, a 42% increase over the amount deposited last year.

The Treasurer also proudly reported that refunds of abandoned money to rightful owners were more than double last year's rate. She said more than \$1 million has been returned to owners this year as a result of the newly implemented "locator unit" in the Treasury's Unclaimed Property Division.

According to state legislator, Richards said, abandoned money collected by the state which is not returned to owners must be transferred to the state's operating funds to help finance vital programs such as education, law enforcement and transportation.

The offering will include 50 Fullblood and Purebred Simmental cattle consigned by leading breeders from across the nation.

The "Edition" will be a sequel to the highly successful Lone Star Revue Simmental Sale held last year in Fort Worth during the 15th Annual American Simmental Association Convention. Sixty-four lots of Fullblood and Purebred Simmental sold in that sale for a \$5,068 average. Consignments were accepted from breeders in ten states and Canada.

Nominations to this year's prestigious event are now being accepted. For further information, or to obtain nomination forms, contact Jim Grubbs at Route 8, Box 42, Granbury, Texas 76048, Phone 817-573-1822 or sale consultant Dean Taylor at Box 137, Stephenville, Texas 76401, Phone 817-988-8029.

Simmental National Sale Set For 1984

Boxman, Mt. For the first time since 1976, the American Simmental Association will again designate and conduct a National Sale. The event is scheduled for January 19, 1984 and will be held in conjunction with National Western activities in Denver, Colorado. Transcon Livestock Services, Inc. has been selected as the sale management firm.

"The Board of Trustees has decided to reinstitute The National Sale, and has chosen the Denver National Western as the site," said Earl B. Peterson, Executive Vice President. "The Colorado Simmental Association has agreed to relinquish their National Trendsetter Sale held each year at the National Western, in favor of The National Sale, and we appreciate their willingness to cooperate in this manner."

Peterson pointed out that preliminary plans call for 80 head of purebred Simmental and Simbrah, including both bulls and females, to be consigned. All cattle nominated will be appraised and selected on the farm in order to meet rigid quality standards. All animals in the Sale will be blood typed and their parentage verified prior to the date of Sale. Full performance data, including estimated breeding values, will be published on all cattle.

"We are expecting that breeders will consign their very best animals to this event," Peterson said. "Emphasis will be placed upon known parentage, predictable genetics and carefully selected individuals for what should be the top quality Simmental-Simbrah sale attraction of the year." Nomination forms are available from Transcon Livestock Services, #388 Livestock Exchange Building, Denver, Colorado 80218. Nominations will be accepted until August 15, with final selections determined by mid-October.

The man who has been called the greatest public speaker in the United States has accepted an invitation to address members of the Beefmaster Breeders Universal at the annual convention this fall. The BBU meeting will take place October 26-28, 1983, at New Orleans, Louisiana.

Dr. Kenneth McFarland, a native of Kansas, is acknowledged to be the nation's most eloquent and effective spokesman for what is commonly called the "American System." He is the recipient of Freedom Foundation's prestigious National Leadership Award, as well as many other forms of recognition.

Whether he's before a farm group, salesman or industrial leaders, McFarland's incredibly wide range of interests makes it easy for him to "talk the language" of the group. His speeches reflect the depth of his broad experience after more than a quarter century of covering America.

Dr. McFarland is widely heralded as an authority on the vital subject of law enforcement. His writings, studies and speeches on this important subject have won the acclaim of lawmen and laymen alike. He also has a special appreciation of the importance of salesmanship in a competitive economy. His own phenomenal success in "selling America to Americans" caused the Sales and Marketing Executives International to designate him for its annual award of Outstanding Salesman of America.

He is the author of "Eloquence in Public Speaking", now in its thirteenth printing and a best seller in its field.
